The Capital Improvement Committee met in Council Chambers on Monday May 21, 2018 following the Service with these members present:

Dee Hall, Vice Chair
Bill Cost Jr for Jonathan Lang
Jeff Rath
Mark Labutis
Sean Fennell

We wish to Report:

1. **Resolution No. 18-45** appropriating monies for the current expenses of the municipal corporation was considered. Expedite

Section 1. There is hereby an appropriation of the unappropriated balance of the 335, Capital Improvement Fund, in the amount of \$20,000.00 (Paving Wells Park)

Account	Description	Amount
335.432.5276.100	Maint of Parking Lots	\$20,000.00

Director Rhodes- what we are looking for is \$20,000 out of Capital Improvements that will be split between two projects. We have been very involved with the renovations of Wells Park and we are going to be marking a parking lot there. We have solved a lot of the water drainage issues there; we've done an incredible amount of improvements and one of the last things we are going to do there is redo the parking lot. That will take up \$16,000.00 of what I am requesting. The City of Newark Street Department will be installing the parking lot. The other \$4,000.00 is I have entered into contract for the old Little Bear parking lot and the city of Newark is going to open that up for public parking while we still look for a new grocer. The lights are working now we need to seal it and restripe it and put up a sign stating public parking.

Motion by Mr. Rath to send to full Council, second by Mr. Labutis

Motion passed by a vote of 5-0.
