1. **Resolution No. 14-42** appropriating monies for the current expenses of the municipal corporation was considered.
  - a) an appropriation of the unappropriated balance of the 335, Capital Improvement Fund, in the amount of \$25,000.00 (Purchase of new or replacement radio equipment)

Account	Description	Amount
335.203.5304	Police Communication Equipment	\$25,000.00

**Director Spurgeon-** you have heard our Chief of Police and myself talk of the immediate need to enhance our communication system. I believe you have had a good fortune of talking with some of our officers. This is the part of the funding model where the Service Director has graciously put in \$25,000.00 of Capital Improvements dollars. I would ask that you would expedite this. I noticed that my counterpart checked no but this is a limited opportunity to get these radios. So if you so choose to move this on to Council I would ask that this is expedited please.

**Motion by Mr. Rath to forward on to full Council, second by Mr. Johnson**  
**Motion passed by a vote of 5-0.**

**Dee Hall, Chair**
