

Service Committee Minutes

Honorable Council
City of Newark, Ohio
August 16, 2021

The Service Committee met in Council Chambers on Monday, August 16, 2021 , following the Finance Committee with these members in attendance:

Jeff Rath - Chair
Jeff Harris – Vice Chair
Spencer Barker
Jeremy Blake
Ryan Bubb

We wish to report:

1. Consider **Resolution No. 21-50** Replacement of LIC CR 803 1.16 (SFN4561430) bridge, which carries Granville Road over Log Pond Run Diversion Channel in the City of Newark.

Brian Morehead, City Engineer – This is the bridge over the diversion channel on Granville Road close to OSU Newark Campus. This is the next one of our bridges up for replacement. We've applied through ODOT for this Ohio Bridge Partnership Program funding. We are wanting \$800k towards the construction of it and this is the preliminary legislation that comes from ODOT saying that we would accept those funds and move forward through the design and engineering process to be able to use the construction funding in 2025.

Motion to send to full council by Mr. Bubb, second by Mr. Barker

Mr. Morehead – One additional thing, this does not need an emergency. The legislation has a statement, if an emergency is declared, but there is no emergency needed.

Motion passed 5-0

Meeting stands adjourned

Jeff Rath - Chair
