

Honorable Council
City of Newark, Ohio
February 28, 2012

The Service Committee met in Council Chambers following the Finance Committee meeting on February 27, 2012 with the listed members in attendance:

Jeff Rath, Chair
Duke Frost
Shirley Stare

Ed Houdeshell
Ryan T. Bubb

We wish to report:

1. Roger Loomis, Utilities Superintendent, presented Resolution No. 12-17 authorizing and directing the service director to enter into a contract without competitive bidding for the replacement of the pumps for the Myrtle Avenue storm lift station.

He explained it is an ongoing project to replace all pumps and this is the last one. The price is \$60,000.00.

Motion by Mr. Bubb, second by Mr. Houdeshell to forward to full council passed unanimously.

2. Aaron Schill, City Planner, brought forth Resolution No. 12-18 expressing support for the Ohio Rail Development Commission (ORDC) to utilize the proceeds from the lease of the Panhandle Rail Line to improve pedestrian at-grade rail crossings within the city of Newark to meet the intent of the Americans with Disabilities Act and comply with PROWAG: R301.7, R305.2.5 and all R302 pedestrian route requirements.

Lesa Best said it's silly to make ADA crossings where there are no sidewalks.

Motion to send the resolution to council as a whole carried by acclamation.

Jeff M. Rath
Chair
