## A RESOLUTION AUTHORIZING NEWARK DEVELOPMENT PARTNERS TO ACT AS AGENT FOR THE CITY OF NEWARK FOR THE SALE OF CERTAIN PARCELS OF PROPERTY AND AUTHORIZING THE DIRECTOR OF PUBLIC SERVICE TO ENTER INTO A MEMORANDUM OF UNDERSTANDING WITH NEWARK DEVELOPMENT PARTNERS GOVERNING THE SALE AND DISTRIBUTION OF PROCEEDS

WHEREAS, the City of Newark and Newark Development Partners have entered into an Amended Designated Agency Agreement authorizing the transfer of real property owned by the City and controlling the manner in which such property may then be developed and/or transferred by Newark Development Partners and the manner in which any revenues generated from such development and transfer are to be disbursed; and,

**WHEREAS**, due to the subject property being purchased by the City using Federal Funds, the City must enter into a special Memorandum of Understanding with Newark Development Partners as to the particular method and terms by which the property is to be sold and the required distribution of funds that must occur in order for the City to be able to procure Federal Funding in the future; and,

**WHEREAS**, an appraisal of said property was completed and approved by the Ohio Department of Transportation; and,

WHEREAS, the subject property, because of its size, location, and zoning restrictions, is not currently suitable for any municipal purpose; and,

WHEREAS, the sale of the subject real property would promote the general welfare and stabilization of the neighborhood in question, assist in development, and promote the reclamation, rehabilitation, and reutilization of such real property; and,

WHEREAS, this matter was considered in regular session of the Service Committee who voted to refer the same to full Council for consideration.

# NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF NEWARK, COUNTY OF LICKING, STATE OF OHIO, THAT:

<u>SECTION ONE</u>: The Director of Public Service is hereby authorized to enter into a Memorandum of Understanding with Newark Development Partners who shall act as agent for the City of Newark for the sale of the following listed parcels of real property located within the City of Newark:

## MEMORANDUM OF UNDERSTANDING FOR ACCEPTANCE AND DISPOSITION OF REAL PROPERTY

This memorandum of understanding is made between the City of Newark ("City") and Newark Development Partners ("NDP"), an Ohio non-for-profit corporation organized as a community improvement corporation under Chapter 1724 of the Ohio Revised Code, for and only as pertains to the sale of three parcels of property located on Mount Vernon Road, specifically:

ADDRESS	PARCEL NO.
182 Mt. Vernon Road	054-277920-00.000
184 Mt. Vernon Road	054-279570-00.000
188 Mt. Vernon Road	054-277656-00.000

WHEREAS, the City owns the above parcels of real estate with the listed Licking County tax parcel numbers (the "Property") which have been determined to be of no value in its current state of development and not currently suitable for any municipal purpose; and,

WHEREAS, NDP has been designated as an agency of the City of Newark for future commercial and retail growth and development, pursuant to a Designated Agency Agreement effective October 15, 2012, as amended April 27, 2016, and March 20, 2023; and,

WHEREAS, due to the property being purchased with federal funding a memorandum of understanding separate from the Designated Agency Agreement must be entered into between the parties in order to transfer the above parcels of real property in compliance with both State and Federal regulations; and,

WHEREAS, the City has determined that the conveyance of the Property would serve a public purpose for the benefit of the City; and,

WHEREAS, the City wishes to convey the Property to NDP for disposition with the terms and conditions described herein; and,

WHEREAS, NDP wishes to accept the Property on such terms and conditions.

NOW, THEREFORE, the parties agree as follows:

1. The Property shall be conveyed to NDP in fee simple by quit claim deed, free of all encumbrances subject only to such easements, rights of way, conditions and restrictions of record, legal highways, zoning ordinances or resolutions. Specifically, the properties have a limited access right-of-way along Mount Vernon Road resulting in property owners having

no easements or right of access including driveway approaches onto Mount Vernon Road. Access to property is by way of adjacent alleys.

- 2. NDP agrees to sell the property for at least the appraisal value as approved by the Ohio Department of Transportation and attached to this MOU as "Exhibit A". Should NDP hold said property for more than a year after the date of appraisal, NDP shall seek and provide to the City a new appraisal of the value of the Property. Such value shall become the minimum sale price of the parcels.
- 3. Upon sale of the Property, NDP shall transfer to the City of Newark proceeds from the sale of property equal to the most recent appraisal value.
- 4. All other proceeds above the appraisal value shall be retained by NDP to cover the cost of sale which may include, but are not limited to, title examination, title insurance commitment and policy, survey if required for transfer of title, marketing costs including real estate brokerage costs, conveyance fees, and NDP's service fee. If proceeds of the sale remain after the disbursement to the City of the appraisal value and after the cost of sale realized from the disposition of property by NDP, NDP may hold the remainder of the proceeds in a separate account for future commercial retail growth and economic development in the City of Newark as contemplated pursuant to the Designated Agency Agreement effective October 15, 2012, as amended April 27, 2016 and March 20, 2023. Should the cost of the disposition of the Property exceed the proceeds realized from the sale of the Property following the required disbursement to the City, NDP may recover its loss from past proceeds held in said account. Should the cost of the sale exceed the amount of proceeds held in said account, the City shall pay to NDP the shortfall.
- 5. This Agreement shall survive the closing of the transaction by which the Property is transferred from the City to NDP, and it may not be modified or amended except by a writing agreed to and signed by both parties.
- 6. It is the intention of the parties that the laws of the State of Ohio shall govern the validity of this Agreement, the construction of its terms, and the interpretation of the rights and obligations of the parties. Venue shall be deemed to be in Licking County.
- 7. In the event that a court of competent jurisdiction finds that any one or more of the provisions contained herein is invalid, illegal, or unenforceable, such holding shall not affect any other provision hereof, and this Agreement shall be construed as though the invalid, illegal, or unenforceable provision had never been contained herein.

IN WITNESS WHEREOF, the undersigned have hereunto caused their names to be subscribed to this Agreement, by authority of Resolution of the City Council of the City of Newark, Ohio and Resolution of the Board of Directors of Newark Development Partners on the dates set forth beneath each signature.

Highest and Best Use: determination of the Highest and Best Use of the subject property as residential use:

1. The subject is zoned DC; Downtown Commercial District;

2. Surrounding development is mainly single family residential, multi-family apartment with some smaller commercial development;

- 3. The size and topography is suitable to accommodate a commercial property;
- 4. There are willing buyers in the subject's market for commercial properties.

Therefore, the highest and best use as commercial for the subject property meets the criteria of physically possible, legally permissible, financially feasible, and maximally productive.

#### Subject real estate taxes

The yearly real estate tax amount listed on page 1 of the report was listed as \$0 due to being owned by the City of Newark. The future tax amount based on the subject's land and any new building is unknown.

#### Sales comparison information and comments continued

The listing agents for all of the sales were contacted to attempt to confirm terms of sale, concessions, etc. Contact was returned regarding the sales as marked in the report. The listing agents for the other sales did not return contact to confirm the terms of sale, therefore all information as stated in public records and their respective corms listings was assumed to be correct.

#### Subject zoning and access discussion.

Per prior conversations with the City of Newark zoning department. The subject's zoning classification of DC; Downtown Commercial District, has specific requirements regarding site size, building size and setback requirements. Due to the subject being a corner lot, not allowing a curb cut for access from Mt Vernon Rd and relatively small in size, the size of a commercial building that could be built on the site would be very limited. Due to the limited size of the potential building that could be built the site's marketability will be very limited.

As per conversation with the City of Newark engineering department there will not be a curb cut allowed to access the subject lots from Mt Vernon Rd. Therefore, the only way to access the subject property will be via the alley bordering the north lot. Due to the lack of access of the subject property and required setbacks for building the marketability of the subject property is limited.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not attected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he considers his own best interest; (3) a reasonable time is atlowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions\* granted by anyone associated with the sale. (Source: FOIC Intergency Appraisal and Evaluation Guidelines, October 27, 1994.)

• Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

#### STATEMENT OF LIMITING CONDITIONS AND CERTIFICATION

CONTINGENT AND LIMITING CONDITIONS: The appraiser's certification that appears in the appraisal report is subject to the following conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is valued on the basis of it being under responsible ownership.

2. Any sketch provided in the appraisal report may show approximate dimensions of the improvements and is included only to assist the reader of the report in visualizing the property. The appraiser has made no survey of the property.

3. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.

4. Any distribution of valuation between land and improvements in the report applies only under the existing program of utilization. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used.

5. The appraiser has no knowledge of any hidden or unapparent conditions of the property or adverse environmental conditions (including the presence of hazardous waste, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or waranties, express or implied, regarding the condition of the property. The appraises will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. This appraisal report must not be considered an environmental assessment of the subject property.

6. The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.

7. The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.

8. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that completion of the improvements will be performed in a workmanlike manner.

9. The appraiser must provide his or her prior written consent before the lender/client specified in the appraisal report can distribute the appraisal report (and distribute the appraisal report) value, the appraiser's identity and professional designations, and references to any professional appraisal organizations or the firm with which the appraiser is associated) to anyone other than the borrower, the mortgage or its successors and assigns; the mortgage insurer, consultants; professional appraisal organizations; any state or federally approved financial institution; or any department, agency, or instrumentality of the United States or any state or the District of Columbia; except that the lender/client may distribute the property description section of the report only to data collection or reporting service(s) without having to obtain the appraiser's prior written consent. The appraiser's written consent and approval must also be obtained before the appraise can be obtained before the appraise can be conveyed by anyone to the public through advertising, outlob relations, news, sales, or other media.

10. The appraiser is not an employee of the company or individual(s) ordering this report and compensation is not contingent upon the reporting of a predetermined value or direction of value or upon an action or event resulting from the analysis, opinions, conclusions, or the use of this report. This assignment is not based on a required minimum, specific valuation, or the approval of a loan.
